

# Molded Key Fobs

## Your products, our capabilities, uncompromising quality – it's that simple!

Our standard key fob design is perfect for companies that want to avoid the tooling costs associated with custom designs. These fobs are constructed of high impact resistant material and ultrasonically welded to provide years of trouble free use.

As a contract manufacturer, our goal is to provide complete, cost effective RFID solutions for you. From wafer to finished tag, SMARTRAC works as your manufacturing partner – producing your product under your brand – in small to large volumes.
